### Information on fundraising and fundraisers

The Institute of Fundraising has launched [how2fundraise.org](http://how2fundraise.org) to celebrate and support the 16 million people in the UK, who fundraise for charitable causes each year.

It is provided as part of our portfolio of resources for fundraisers throughout the UK.

If you are a volunteer fundraiser or support volunteer fundraisers, then you probably know a great deal about fundraising in the community. We invite you to make this site a fantastic resource by sharing what you know.
